PARENT CONNECT COMING SOON!

Roosevelt High School and Wilson Middle School are preparing to launch Parent Connection, a web based service that gives parents the ability to access student data via the internet. Parents use a confidential personal identification number (PIN) and password to view their student's attendance, grades, assignments and other information on line. Parents will be receiving a notification by mail which will detail steps to access the system, along with a PIN number and password. Please watch your mailbox for this information in late February or early March.
